Professional Summary

Full-Stack Developer skilled in building secure and scalable web applications using modern JavaScript technologies. Experienced in developing RESTful APIs, implementing authentication systems, and creating responsive user interfaces with optimized state management. Seeking an entry-level Software Developer or Full-Stack Developer role.

Education

- **Bachelor of Technology in Computer Science** – CMR University, Bangalore (2020 – 2024) | CGPA: 8.7
- **II PUC (PCMB)** – SMT. Yalamanchili Janata Rani, Gangavathi (2020) | 77.83%
- **Class 10** – Sri Velandi Ramakrishna Varma High School, Raichur (2018) | 82.72%

Projects

- **CreMaze – Full-Stack MERN E-Commerce Platform**

Developed and deployed a MERN stack e-commerce platform with JWT authentication, RESTful APIs, and role-based admin access. Implemented product, cart, and order management with a responsive React and Redux UI.
